

Year 6 Topic web Autumn 2

Our PSHCE lessons will focus on 'valuing difference'.

In maths we will consolidate our learning of the four operations and revise our knowledge of fractions.

In religious education we will answer the question: How do Sikhs show commitment?

In science we will be learning about Light. This will include a study of how shadow size is affected by distance between the light source and the object.

In geography we will learn about the different climate zones on earth including the Arctic and Antarctica. We will also look at climate change.

As artists we will research different types of clay vessels and use these as inspiration to create pinch pots.

In writing, we will continue reading the novel Holes by Louis Sachar with a focus on persuasive writing. We will continue to work on related spelling, grammar and punctuation.

In Computing we will learn about computer systems and networks – communication and collaboration.

In design & technology we will design a navigation tool.

In PE we will develop our gymnastics and dodgeball skills.
