

Maths

We will be learning about multiplication and division this half term and starting our unit on length and height.

Music

We will be thinking about the different sounds we can hear in music and listening to the following genres: pop, orchestral swing, marching band and gospel.

English

We will be reading Vlad and the Great Fire of London and retelling the story.

We will also use the Great Fire of London theme to write some poetry.

Geography

In Geography, we will be learning all about the continents and oceans. We will be able to name the 7 continents and 5 oceans, learn about the north and south pole and the equator.

PE

Our topics in PE this half term will be gymnastics and orienteering.

Science

Our Science focus will be animals, including humans.

YEAR 2 TOPIC WEB

Art and DT

In Art this half term, we will be using chalk pastels to create a seaside scene.

In DT, we will be making healthy wraps.

Computing

In Computing, we will be learning how we can manage our information online and how to stay healthy while online.

RE

We will learn how bible stories show that God keeps his promises.

PSHE

We will learn all about rights and respect.
